

WAIT FOR OFFICE TO SEEK THE MAN

Democrat Office Holders
Show Little Interest
in Filing for Primary.

SAY NOT CERTAIN YET

General Apathy Commands
Men Now in Charge of Af-
fairs in Tulsa County.

Politically, Tulsa county office holders are playing a close hand, no filings for candidacy to office having yet been made, although the close of the filing period, July 3, is only 40 days in the future. Other counties of the state have for weeks been in the throes of diverse political pangs and the crop of candidates in many, particularly Oklahoma county, has exceeded the filings of any previous year. Eight men have signified their intention of running for nomination to the office of sheriff of the county and many other offices are seeking numerous incumbents.

In Tulsa, however, interest among the present democratic incumbents is hardly noticeable. Leo Quinn, secretary of the county election board, has not yet had filed with him a name of any candidate, and about half of the present county office holders are not certain as to whether they will file for office again.

Yesterday John Porter, court clerk, W. S. Hooker, assessor, Justice S. C. Maxey and Mrs. Minette Hodges, county superintendent of schools, stated they would be candidates for re-election. Lewis Cline, for many years an office holder in this county, and for the past four years clerk, said positively he was out of politics. Others, among them Thomas I. Munroe, county attorney, and W. W. Stuckey, county treasurer, said they were not certain as to whether they would file for renomination. It has been rumored about the courthouse that Wash Hudson will announce himself as candidate for nomination on the democratic ticket for the office of prosecuting attorney.

James Woolley, present sheriff, said he would again try for his office. But with all this, statements, none have filed with the secretary of the election board and none of the local politicians have any idea as to when filings will be made.

Beautiful Actress Attributes Her Wonderful Success to Her Famous Complexion

Tells How You May Also Have One

MISS DOROTHY DALTON

New York: When Miss Dorothy Dalton, the beautiful, luscious star who was selected for the leading role in the mammoth New York production, "Aphrodite," was questioned as to the secret of her phenomenal success, she unhesitatingly said, "My complexion." When asked further details she explained, "Everyone of my friends always raved about the texture of my skin, and I have no doubt but that my first engagement was made possible through the reputation I had acquired for a beautiful complexion. Many agents are like ordinary mortals, they admire a beautiful skin as much as anyone, and in selecting their casts they naturally prefer those whose complexions are attractive. I think the best secret any girl or woman can have is a beautiful skin and complexion. It is easy to have this if one will spend only a little time in taking care of the skin. A girl may have beautiful features, but if she possesses a beautiful complexion she will attract attention anywhere. I am always glad to tell any girl or woman just how she may possess a skin like mine. Here is the recipe: Night and morning cleanse the skin first with warm water then apply a good cold cream (Laska cold cream I have found to be the best) after massaging it into the skin take off the superfluous cream with a soft cloth. Then before going out during the day or evening I apply Derwillo, a simple toilet preparation which can be purchased at the toilet counter of any up-to-date drug or department store. The first application of this wonderful Derwillo will astonish you. It imparts instant beauty to the skin and makes a ray-white complexion everyone will talk about. I find it excellent for my complexion as it protects my skin in all kinds of weather. That is why I prefer it to all other toilet preparations and am never without it. Many of my professional friends to whom I have recommended Derwillo use it in preference to all other face powders or beautifiers. Just try it once before going to the theatre, dance, party or an afternoon call and note the favorable comments of your friends. Derwillo instantly puts a life-like tint on your cheeks which defies detection. It takes the place of face powder and stays on until you wash off. Respiration does not affect it nor will it rub off on clothing; it also prevents the nose and face from shining. It's wonderful for a dark, sallow, rough skin, blackheads, pimples, spots, skin wrinkles, tan and for the instant beauty it imparts. Over 50,000 girls and women are using it. It's absolutely harmless to the most sensitive skin. Just try it once and you will need no further argument to convince you that there is nothing 'just as good' better, or 'just like it,' as Derwillo, then you will not be disappointed.

NOTE—Druggists and department stores everywhere sell Derwillo with the guarantee that if you don't like it you get your money back. It is the best beauty preparation at all seasons of the year. You can secure it at all toilet counters in this city including The Quaker, Puritan and Rexall stores.

CALOMEL

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver, and straighten you up, better

and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodson's Liver Tone you will wake up ready for work or play. You can give it to children, too. Adv.

Festal Board.

The fourth annual banquet of the Zeta Xi fraternity of Kendall college and the last fraternity banquet of the present school year which took place in the private dining room of Hotel Tulsa Friday evening was a fitting conclusion to this phase of commencement activities. Tamie decorations, place cards and programs rendered the fraternity banquet a most enjoyable affair. The colors, orange and green, and the fraternity flowers, red roses, formed a fitting background for the occasion.

In all three cases, descriptions of the man seen prowling about the premises both before and after the robberies, tallied with that of "Jeff."

GRANT LIVESTOCK LOANS

Federal Reserve Board to Assist Cattle Growers of West

He added that the board would be willing to order rediscounts on cattle paper in order to support federal reserve banks in cattle districts which might require such action.

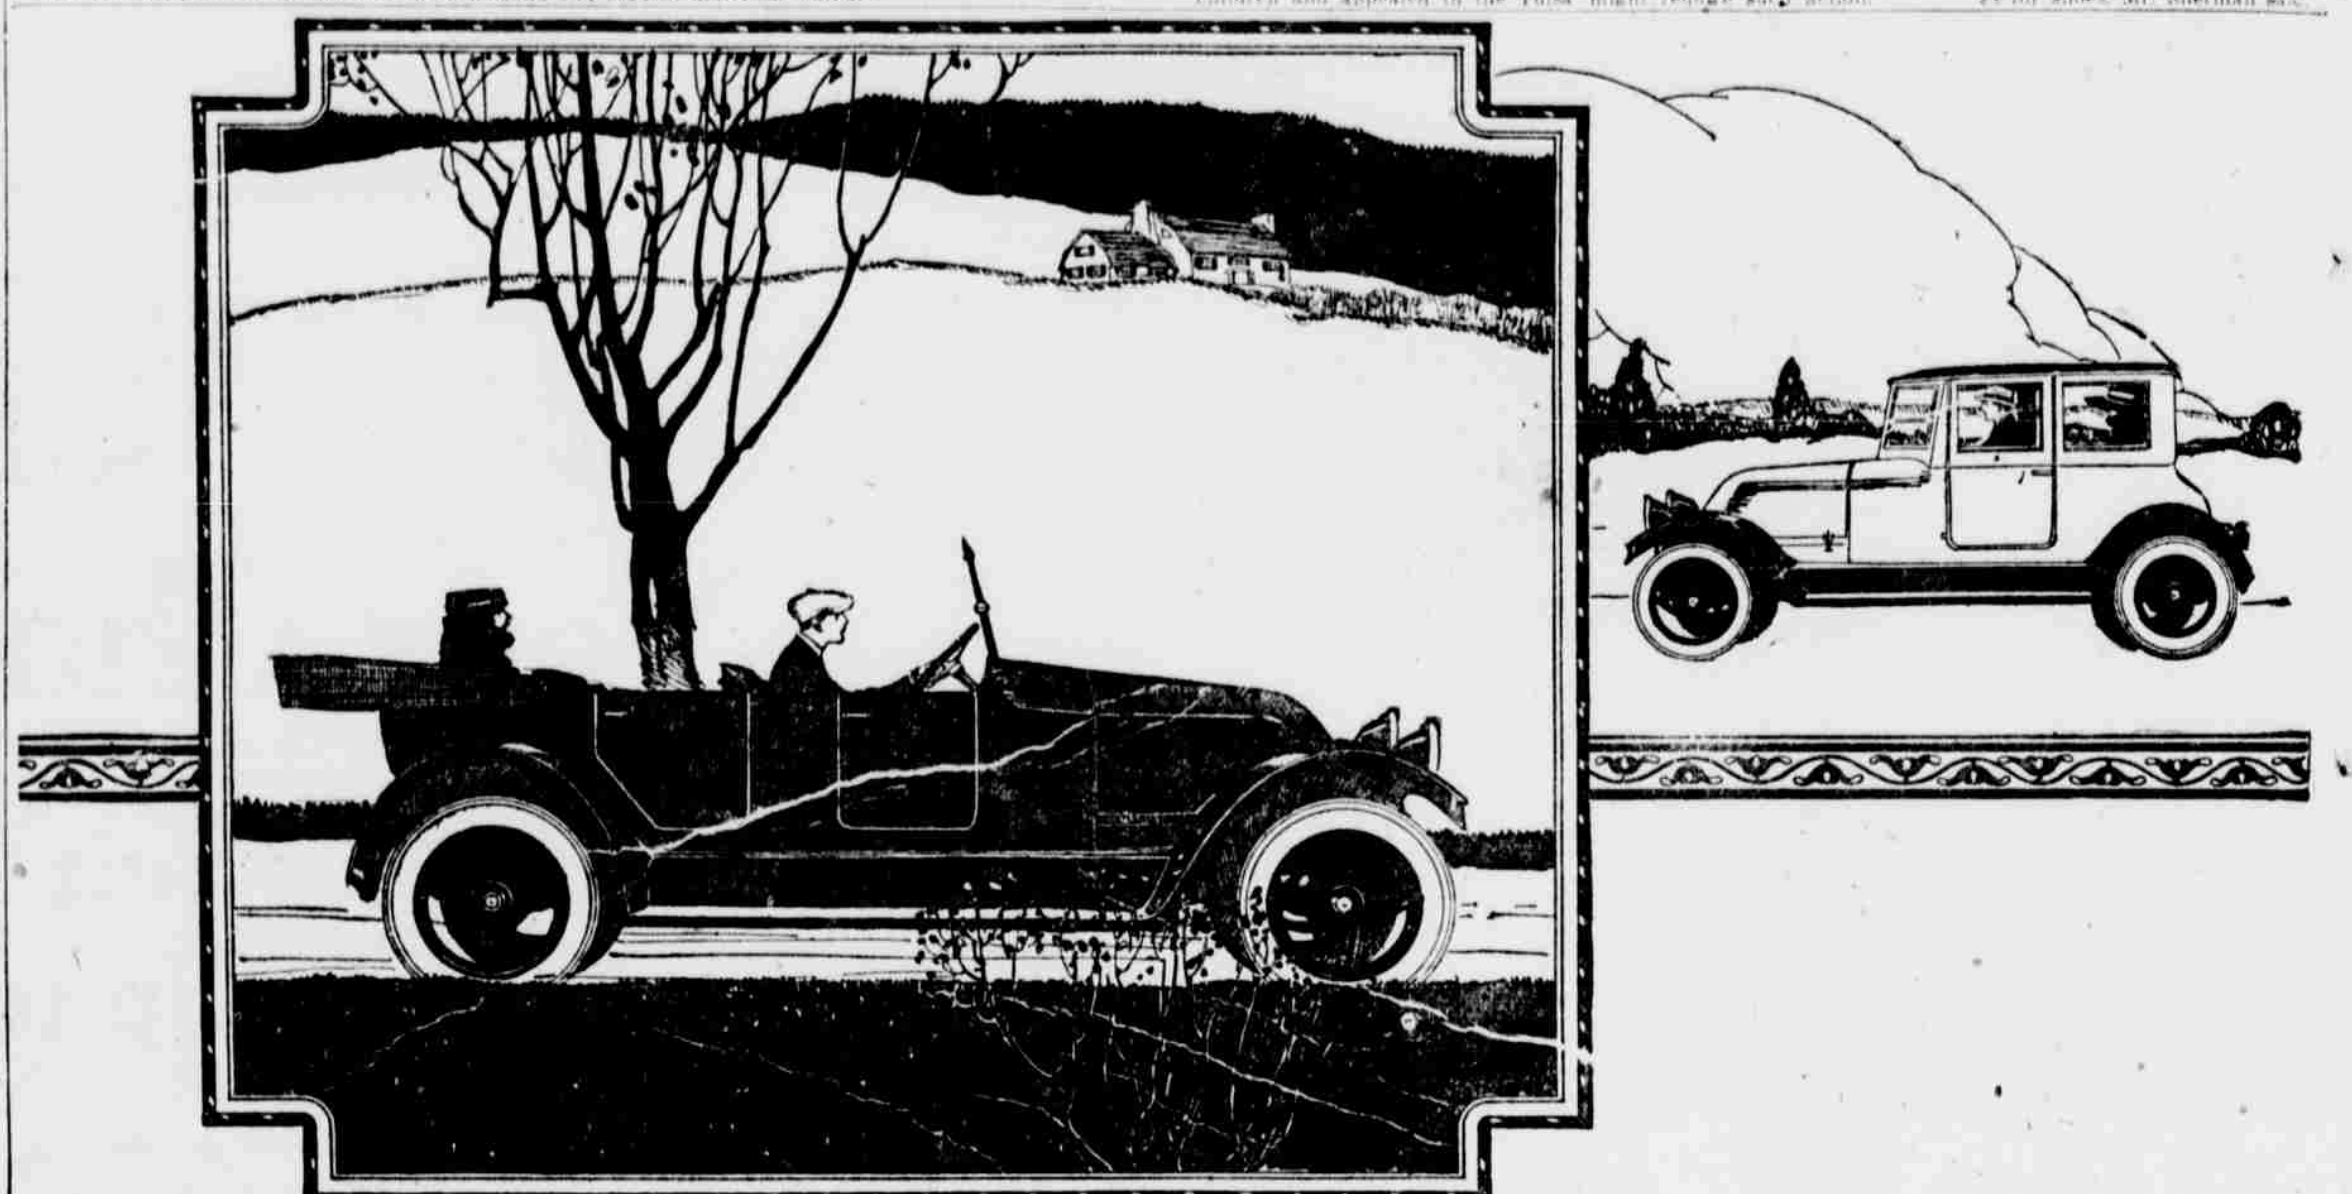

SHERMAN HITS RETAILERS

Senator Says They and Not Corporations Cause High Prices

WASHINGTON, May 22.—Declaring retailers were the real profiteers, Senator Sherman, republican, Illinois, said in the senate today that he had no patience with those who favored restrictive legislation for corporations making a small, but profitable profit on the sale of goods.

"Many retailers make profits up to 250 per cent," said Senator Sherman, "but nobody talks about putting them under the federal trade commission."

The senator told of a member of congress who recently went to a shoe store here and found a pair of shoes to his liking. He was told the price was \$20, refused to pay it and when the manufacturer asked the price to the retailer. The dealer had paid \$5 for shoes. Mr. Sherman said

THE FRANKLIN CAR

Its Reversal of Ordinary Motoring Principles Has Revolutionized Performance Standards

20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Average)

THE above combination of results is not possible by cheap methods. That knowledge is the reason for Franklin owner confidence.

Another big element in Franklin owner satisfaction is comfort. Comfort cannot be expressed in figures, like economy, but it can be demonstrated just as positively.

It is easy to show that a Franklin owner can travel farther in a day than his neighbor without fatigue, and more days in the year without trouble.
